IMPURE BREATH.

Among all the disagreeable consequences
that follow the decay of the teeth, an im-
pure breath must be the most mortifying
and unpleasant to its possessor, and it is
the most inexcusable and offensive in society;
and yet the cause of it may easily be re-
moved by cleansing your teeth daily with
that justly popular dentifrice, FRAGRANT
SOZODONT. It purifies and sweetens the
breath, cools and refreshes the mouth, and
gives a pearl-like appearance to the teeth.
Gentlemen who indulge in smoking should
cleanse their teeth with SOZODONT, as it
removes all unpleasant odors of the weed.
Ask your druggist for it.

MINERS, ATTENTION!—Mrs. Dr. How's cele-
brated Neuralgia Medicine will stop pain as
soon as applied. Do not suffer; try it. Do
not have your teeth drawn. Get a bottle of
Mrs. Dr. How's celebrated Toothache Cure.
That will instantly stop the pain and save the
teeth. Held in your mouth from five to ten
minutes. Her cure for toothache and neural-
gia has never failed yet. Mothers, use a
few drops in a little warm sweetened water
to swab a teething baby's mouth. It will
instantly relieve the little sufferer. Sold by
all druggists. Giant powder headaches cured
in five minutes by rubbing Mrs. Dr. How's
medicine on the head. It is a vegetable com-
pound, and perfectly harmless. This also
cures earache, toothache and headache. Di-
rections on bottles. dec 1

MOORE'S THEATRE SALOON.—This prime old
resort of the law makers, connubiators and
lovers of the pure old genuine is still com-
manding the front place. It is the only
resort in Carson where genuine tea-kettle
whisky and old New England rum can be
produced when called for. C. Yeoman, man-
ager.

Fox.—The name Fox suggests all man-
ner of things useful to the sportsman,
artist, reader, clerk, literature and law
maker. In another column will be found
a list of his new styles of stationery, sport-
ing goods and jewelry, together with the
magazines and periodicals of the day. Op-
posite the Capitol. jan11-1w

THE UNION.—The Union Saloon, Gill
hooley Chairman, is now holding all-night
sessions to provide for the press of extra
business. He has also engaged the best
musical talent in the city, and in the rear
is a room where "promoters" and "per-
suaders" can consult on the trend of legis-
lative events. jan11-1w

GLOVE FACTORY.—M. W. Hodkins, at the

COL. FAIR'S SPEECH.

The printed copies of Col. Fair's speech,
circulated within ten minutes after the deli-
very, did not give the Col's exact language.
The APPEAL, which had a short hand re-
porter present, is enabled to give it cor-
rect words:

Mr. President and gentlemen of the Legis-
lature of Nevada:

I sincerely thank you for the high honor
you have conferred upon me by the elec-
tion to the United States Senate. I ap-
preciate the honor the more because I
have been elected by the people and the
representatives of the people of the State,
with whom I have lived for twenty years
and whose friendship I desire forever to
preserve. I fully realize the importance
of the position to which I have been
elected and will endeavor to faithfully dis-
charge all the duties of United States Sena-
tor.

It is not my intention on this occasion,
my fellow citizens, to make any extended
remarks or outline my course to be follow-
ed in the Senate.

There is one thing, however, among oth-
ers I have endeavored to accomplish, and
that is to secure the free coinage of gold
and silver. If that can be obtained it will
be of great benefit to the State. But I am
not here to speak of matters of legislation.
I have at your request received the exalted
honor of an election to the Senate of the
United States, and for that I sincerely
thank you and the good people of the State.

In conclusion I can only say that I shall
strive to impartially perform the duties of
the office to which I have been elected for
the best interests of the State of Nevada
and the general welfare of the people.

DISASTROUS FIRE.

THE HALE AND NORCROSS WORKS BURNED AT
VIRGINIA.

The following dispatch was received from
Virginia City last night:

At half past seven o'clock a fire was dis-
covered in the Hale & Norcross hoisting
works, and an alarm blown from the whistle.
The fire department reached the ground in-
side of ten minutes, but the wind was blow-
ing with such fury that it was impossible to
arrest the flames, and the men merely worked
to prevent the spreading of the fire. The
shaft being an upcast and very wet, no ma-
terial damage was done it. The building
and machinery was a total loss, and valued
at about \$300,000. No insurance.

A SHOOTER.—During the small hours of
yesterday morning John Anderson, while
being in a highly invigorated state from
an inordinate use of the "rosey," fired a
pistol shot through the door of a house of
ill fame. The shooter was arrested by offi-
cer Stern. Anderson was brought up be-
fore Judge Cary yesterday afternoon to
whom he stated that he had no recollection
of the circumstances, but notwithstanding
that assurance the culprit was fined \$50. At
last accounts he was out in the company of
an officer rustling for the coin.

NO USE BRAGGING.—Night before last
the Tribune called attention to the fact that
the reports of the Legislative sessions in
its columns were unanimously conceded
to be the best of any of the three papers
published in Carson. Last evening the
Times resented the imposition in the follow-
ing pointed rejoinder:

An evening contemporary modestly
claims superior intelligibility. Its con-
tent for the sound judgment of its readers
is fully equal to its egotism. As a matter
of fact, the legislative reports of the Times
are known to be second to none.

The real fact of the matter is the report-
ers of the three papers exchange their re-
ports and the proceedings of the Legisla-
ture are almost word for word the same in
each. With these facts taken into consid-
eration it is simply ridiculous for one paper
to claim superiority over the others.

Zinc Barnes telegraphed to Sutro last
night that the fight was lost and he would
send further particulars by mail.

JOTTINGS

Mint rate for fine silver is \$1 10 1/2 per
ounce fine.

Has the Times been champagned into
turning Democratic?

There will be a reception at the Govern-
or's residence this evening.

The gale of Tuesday night was one of the
most violent of the season.

There are six faro and two keno games
running in full blast here now.

Six bars of bullion came in from the
Northern Belle mine yesterday.

The Au Fait party on Tuesday night was
a pleasant and well attended affair.

Jennie Taylor, the only female inmate of
the State Prison, was pardoned on Tues-
day.

On the first instant there was \$11,067 67
in the County Treasury, and \$689 in City
Treasury.

Capt. Tom Buckley, Superintendent of
the Goodshaw mine, passed through to
Bodie yesterday.

The bankrupt petition of Thomas Beer,
of Empire, will be heard in the District
Court to-morrow.

Sierra Nevada and Union stocks are sell-
ing at lower figures now than at any time
for the two years past.

Hoodlums of a mature age are nightly
disturbing the peace of the Indians in the
northeastern part of the town.

A pair of elegant single-stone diamond
earrings, set on onyx, worth \$250, price
\$132 at Uncle Harris', 221 Kearny street.

Until further subscriptions are received
nothing can be done in the direction of
building the smelting works in this city.

Fannie Louise Buckingham and her wild
horse of Tartary, will appear here during
the latter part of the month in "Mazeppa."

A report of Tuesday night's party at the
Opera House will appear in the society
notes of next week's San Francisco Chroni-
cle.

A usually graceful gentleman does not
appear to great advantage chasing his hat
through the streets on such a windy day as
yesterday was.

Yesterday afternoon a little girl about
8 years old was picked up by the wind, near
Harris Bros' store, and carried a distance
of ten feet, but was uninjured.

The following prominent Virginians
were in the city yesterday: Surveyor Gen-
eral Davis, Kettle Belly Brown, Ike James,
Matt Canavan, Mayor Stephens, J. Minor
Taylor.

Jackson Ferguson, Superintendent of
Census for Nevada, is in the city for the
purpose of obtaining correct statistics of
the wealth, debt and taxation of the city of
Carson.

T. E. Flynn, the San Francisco Chronicle
correspondent, left for home last evening.
He dared not remain another day, as the
wrath against him by reason of his fearless
letter writing is growing in intensity.

MRS. CLARKE'S SOIRE.—The ball to be
given by Mrs. Clarke at the Turn Verein
Hall and advertised for Friday evening, will
come off to-night. The invitation list will
not be raked over with a fine tooth comb,
but rather scattered with that air of Re-
publican simplicity which ruled in the
earlier and better days and later and rougher
nights. The simple fact of having at-
tended the Au Fait party will not exclude
one from Mrs. Clarke's.

FRIEND.—People who are new arrivals in
Carson naturally experiment to a considera-
ble extent in order to get hold of a reliable
cigar. Friend's is the place they pounce on
and continue to patronize.

"I tell you, boys," said Zine as he saw
Fair's train leave for Virginia City yesterday,
"he's won. I'm willing to smile in the face
of fate, but as for him, why, the tears of
widows and orphans are water on his wheel."
